CAREER OBJECTIVE

Aspiring Full Stack Developer with a strong foundation in Python, Django, React.js, and Machine Learning. Seeking a challenging role where I can contribute to real-world projects, expand my skills in scalable web development, and grow in a collaborat

WORK EXPERIENCE

Machine Learning • Internship

Dec 2024 - Apr 2025

Bist Technologies, Vijayawada

Completed a 4-month Machine Learning internship at BIST Technologies, gained hands-on experience with ML algorithms, Python, and data analysis, and worked on real-time projects using tools like Scikit-learn, Pandas, and NumPy.

Assistant Software Developer (DS And AI) • Internship

Jun 2024 - Jul 2024

Amaravathi Software Innovations, Virtual

Completed a 2-month internship (Jun–Jul 2024) at Amaravathi Software Innovations as an Assistant Software Developer in DS and AI, gaining hands-on experience in AI tools, data structures, and real-world software development practices.

AI And ML Internship • Internship

Apr 2024 - Jun 2024

Google For Developers, Virtual

Completed a 10-week AI-ML Virtual Internship (Apr–Jun 2024) supported by Google for Developers. Gained experience in machine learning models, neural networks, and building AI-driven applications using Python.

Cloud Virtual Internship • Internship

Sep 2023 - Nov 2023

AWS Academy, Virtual

Completed a 10-week Cloud Virtual Internship supported by AWS Academy (Sep–Nov 2023), gaining foundational knowledge in cloud computing, deployment models, services, and hands-on AWS platform usage.

EDUCATION

B.Tech, Computer Science And Engineering- Artificial Intelligence And Machine Learning

2021 - 2025

Sri Vasavi Institute Of Engineering & Technology

CGPA: 8.00/10

TRAININGS / CERTIFICATIONS

Data Analytics

Oct 2024 - Nov 2024

ICT Academy- Infosys Foundation, Nandamuru

Completed a Data Analytics course under Infosys Foundation's Finishing School for Employability from 21 Oct to 7 Nov 2024, gaining skills in data handling, analysis, and employability-focused tools with Grade B certification.

PROJECTS

[PDF to Audio Converter using Django ↗](#)

Jul 2025

Developed a Django web app that converts PDF files to audio using pyttsx3. Implemented file upload, text extraction, and audio download features. Enhanced skills in Python, Django, file handling, and backend development.

[Smart Crime Investigation System Using AI and ML ↗](#)

↗

Dec 2024 - Apr 2025

This project leverages AI and ML to analyze crime patterns, detect anomalies and assist law enforcement in solving cases efficiently. In this project Generative AI is used to analyze data and provide new patterns.

[BlinkIt Sales Analysis Using Power Bi ↗](#)

Oct 2024 - Nov 2024

In this project, I designed interactive Power BI dashboard to analyse Blink It sales at different locations over a region. Used DAX and Queries to process large datasets, improving data accuracy and visualization.

SKILLS

- Python
- HTML
- JavaScript
- Data Analytics
- Cybersecurity
- CSS
- Machine Learning
- MySQL
- Ethical Hacking
- Django
- Artificial intelligence
